#### The Oldest Tune.

"We won't go home till morning" is believed to be sung to the oldest tune in the world. It was sung by Napoleon to the words "Malbrook s'en va-t-en guerre." Chateaubriand believes it to be original, and declares it to be a melody which the crusaders picked up from the Saracens and chanted under the walls of Jerusalem. The Arabs, he further says, still sing it. An American writer says that Capt. Cook's band played it as they were prowling around in the South Seas discovering the Hawaiian Islands. An old diary says it was the only air the natives seemed to recognize and enjoy. Anyhow, it was the French lullaby corresponding to the lilt with which English mothers used to cradle their babies to sleep.

Hush, thee, hush thee,  
Do not fret thee;  
The Black Douglas  
Shall not get thee.

The tune would probably not have come down to this day but for an accident. According to Sir George Grove's "Dictionary of Music" although a popular air, it was handed down only by the name of Mrs. Poltrine used it as a lullaby for the infant Dauphin in 1781, and Marie Antoinette took a fancy to her baby's cradle song and sang it herself. "Malbrook s'en va-t-en guerre" was afterwards soon heard all over France, and was even introduced into operas and vaudevilles.

#### Accurate Perception.

Some poor child in the Aid society's school is branded as feeble-minded because he defined "mother" as "what you chop wood for." Yet the reply shows accurate perception.—New York World.

#### Man Hobson Should Meet.

Somebody should introduce Cap Hobson to the kind that makes a man weep down the neck of a casual acquaintance and call him "brother."—Washington Post.

#### Is Needed Occasionally.

The whipping post is all wrong, of course, but almost every community develops a wife-beater occasionally who it sincerely regrets is not a resident of Delaware.—Kansas City Journal.

#### Life's Changes.

Life is full of changes. One day we have an office cat and no catnip, and the next day we have plenty of catnip and no cat.—Toledo Blade.

### Stiff Joints and Pains? MUSTEROLE Quickly Relieves

## A HAPPY NEW YEAR TO ALL. THE PLAUT-CADDEN CO.

# BUICK LEADS THEM ALL

On December 3d, 4th and 5th Buick Motor Cars Dominated and Won the 500-Mile New York Reliability Run --Conducted by the Motor Dealers Contest Association.

## CARS WON THE NEW YORK TROPHY

AND THE ONLY PERFECT SCORES MADE BY ANY CARS.

THE \$1,985 BUICK SIX made the only perfect score made by a six-cylinder car.

THE \$1,050 BUICK, the lowest price touring car in the run, made the only other perfect score, defeating all Sixes and Fours of other makes.

THE \$1,235 BUICK RUNABOUT, made the shortest brake stops (both service and emergency).

THE \$950 BUICK RUNABOUT made the greatest mileage per gallon gasoline (average 19 miles per gallon for entire run).

The five Buick Cars entered in the run averaged 15.77 miles per gallon for the entire 2,575 miles covered.

All five Buick Cars made perfect road scores, perfect brake, clutch and gear-set tests.

Buick Cars won both the large and small car classes.

#### AN OFFICIAL RUN UNDER RIGID RULES.

Remember, this was an official run. Cars were sealed; observers of other makes of competing cars were with our drivers whenever they were near the cars. Penalties were given for inoperative starters, tire blowouts, burned-out electric bulbs, loose nuts, etc. Steering gear play, spring sag, battery tests, body rattle and defects of any kind prevented cars from perfect scores.

#### A WONDERFUL SHOWING, SAYS MAIL.

The New York Evening Mail said in part: "Two Buicks capture Reliability Run Test with perfect scores. It was the most strenuous test from the standpoint of a technical examination to which automobiles have ever been subjected in this country. Everything was sealed up tight, so that there was no chance for adjustments or repairs without the knowledge of the observers or the technical committee. The entrants showed praiseworthy courage and confidence in their cars to submit them to such a test. Altogether the cars made a wonderful showing."

#### WHAT THE RUN PROVED.

The run was only another official demonstration of the correct design, good material, careful workmanship and economy of Buick Cars.

Buick Cars are feared by every entrant in every contest in which they participate.

#### PHENOMENAL DEMAND FOR BUICK CARS.

Our business is the largest in our history. We have been behind in filling orders all the Fall. There will not be enough Buicks to supply the demand. If you wish to own and run one of these popular cars a demonstration now and an order placed will assure you of satisfactory date of delivery.

#### ALL THE WORLD LOVES A WINNER

and after all, anyone who knows, will say that a Buick Car cannot be equalled for the money.

Our motto is, "Giving you full value for your money," and if you are our customer you know, if not, give us a trial.
